I'm not saying I'm an expert on the issue, but I have seen more than enough married women seeking an affair, many don't want to get divorced for obvious reasons but do want a little action on the side, which always perplexed me, and there are some that will live with their husbands, have open relationships, but NOT leave or file for a divorce. If your husband is actually going to them, that's a problem, but he cannot do anything about their existence. Real News.
