Joe Mackall. The Amish are distinguished by the highest incidence of twinning in a known human population, as well as various metabolic disorders and unusual distribution of blood-types. Amish children are expected to follow the will of their parents in all issues, but when they come of age, they must decide for themselves whether to make an adult, permanent commitment to the church. Niemeyer, Lucian. It was a state of mind I was. My closest neighbor has electric fencing for his pasture...

Baltimore: Johns Hopkins University Press. Great Book!!! They serve for life and have no formal training. Amish who leave the old ways often remain near their communities, and in general, there are levels of progression from strict Amish to more liberal groups usually Mennonite.
