Endorsements Decades from now, future generations will look
back at the turn of the twenty-first century and ask how China
moved away from the socialist planned economy system and
engineered one of the most spectacular stories of economic
growth in human history. Zhang Xudong, eds.

There will be no shortage of books devoted to analyzing these processes. Some
About the Author For more than thirty years, Wu Jinglian has
been widely regarded as China's most celebrated and
influential economist. In recent years, Wu has emerged as a
prominent public intellectual fighting not just for market
reform but also for a democratic society backed by the rule of
