Eight reasons, in fact -- one for every episode of the show's outstanding second season. It can even be termed 'pseudo' because, by presenting the teaching in a highly attenuated form, it might be described as purporting to be Advaita, but not in effect actually being so, in the fullest sense of the word. They constantly seek its direction.

Aesthetically and narratively, "Enlightened" is doing something distinct. As signaled by its tagline "About a Woman on the Verge of a Nervous Breakthrough", Enlightened follows the story of Amy Jellicoe Laura Derna self-destructive executive, who, after the implosion of her professional life and a subsequent philosophical awakening in rehabilitation, tries to get her life back. The show is not about how a dude negotiates status or intimacy in a world where the definition of masculinity is

changing. Does HBO want to be seen as the "Shows My Parents Like" network, full of tasteful programs that speak to the lives of well-to-do people who already have their lives somewhat figured out?
